A Message for Mom and Dad:

"I can build whatever I want"

A child's mind is a wonderful thing...ready to explore the world and to expect the unexpected. The world of LEGO toys is designed to satisfy your child's growing mind, with an element of surprise and fun built into every item.

Take the #6979 Interstellar Starfighter, for example. It has all kinds of extras, like magnets for attaching the smaller ship. Special encrypted stickers for space-age fun. A unique fiber-optic system that gives the effect of pulsating light beams. And the best part is, the Interstellar Starfighter takes your child on journeys into deep space—but can also land in the middle of the Wild West. Or the Outback. Or to the world of Castle. Because, like your child's imagination, LEGO toys know no boundaries.

You'll find over 250 LEGO toys and accessories in our **BIGGEST** catalog ever—many of them unique or hard-to-find in stores. So take a few moments to browse through these pages. And see the wonderful worlds and the delightful surprises that await your child's growing mind.
